DETAILED ACTION

Allowable Subject Matter

Claims 1-16 are allowed.

The following is an examiner's statement of reasons for allowance: claims 1-16 are allowed because the references cited fail to teach, as applicant has, a first counter that receives and counts the clock signal, a phase-locked loop circuit that receives the clock signal and outputs a second clock signal, a second counter that receives and counts the second clock signal, and a comparator that receives and compares the outputs of the first and the second counters, and an error output from the comparator that is true when the counts of the first and the second counters are unequal, as the applicant has claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
